### Applications/limitations

- The product covered by the certificate are intended for industrial environments only.
- The certificate only relates to pressure safety. Other directives, covering other phenomena and also having requirements related to CE marking may also apply.
- This certificate is limited to materials which have been covered under Particular Material Appraisal (PMA) by General Electric Company, complaint with PED Annex I, Section 4.2.
- Welding performed on category II equipment must be performed by welders qualified according to PED Annex I, Section 3.1.2.
- Material Manufacturers listed in this certificate who do have a quality management system certificate issued by a certification body “established within the community” according to PED Annex I, Section 1.4.3, must be under annual surveillance by General Electric Company and periodically audited by DNV Business Assurance USA, Inc.

### Terms and conditions

Valid terms and conditions are found in the DNV’s PED Certification Requirements
